

MARCHING FEET

Hear the sound of marching feet as we go off to war
Contending with the enemies of God
Bearing loss with no regret, we're soldiers of the cross
Denying self and following our Lord

And the Captain of our army rules the nations
He triumphs by the power of his decree And
we go forth by holy proclamation Taking
ground from the enemy

For the Gospel is the power unto salvation
And the truth of God will set the sinner free
So we preach his word in every situation And
Jesus Christ will give the victory
And Jesus Christ will give the victory

Standing firm and putting on the armor of our God
So we can stand against the devil's schemes Going
to the nations to pierce the hearts of men
Believing Gospel truth will reign supreme

Our sovereign Lord is building his church upon the earth
And the gates of hell will surely not prevail
His power changes sinners by giving them new birth
And his kingdom marches on and will not fail
